

To all ACATs

Subject: Call to support Germain Rukuki

Dear members of the network,

I would like to start by expressing my gratitude for your great mobilisation around Germain Rukuki, which led to his release on 30 June 2021, after 4 years of arbitrary imprisonment and legal disputes. Today, thanks to the solidarity of our network, he is in Belgium where we hope he will finally be able to live in safety.

However, we cannot leave the whole burden of Germain's reception and support to ACAT Belgium which, at this stage, deserves our congratulations. This is why I would like to ask each ACAT member and each ACAT in the FIACAT network, as well as all men and women of good will, to support our brother Germain to avoid precarity, as long as he does not have a regular income. When put to the test, our network must show its strength, its efficiency and its solidity. Let's act together so that he lives with dignity!

The funds collected must be sent to the International Secretariat on the following account :
